Time Allowed: 2 hrs 30 mins

Total Marks: 150

**DO NOT OPEN THE QUESTION BOOKLET UNTIL YOU ARE ASKED TO DO SO**

Read the following instructions carefully before you begin to answer the questions.

## INSTRUCTIONS TO CANDIDATE

- 1) You are required to write your Roll Number in the prescribed place provided at the top of this Question Booklet and the OMR Answer Sheet.
- 2) **You are required to mention the Question Booklet Id. as mentioned above in your OMR Answer Sheet.**
- 3) Please ensure that the Question Booklet has the required number of pages immediately after opening the same. In case there is any shortage of any page(s), please report the same to the invigilator.
- 4) This Question Booklet contains 150 multiple choice questions to be answered in a separate OMR Answer Sheet by using **Blue/Black ball pen** only. Do not use **Ink/Gel pen**.

The Booklet comprises of the following two parts:

Part A: General English : 100 questions

Part B: General Knowledge : 50 questions

➤ All questions are compulsory and carry equal marks.

➤ There is no negative marking for wrong answers.

➤ **Directions for answering the questions:**

Each question is followed by four alternative suggested answers. You are required to select the correct answer and darken the appropriate circle of a, b, c and d by Blue/ Black ball pen in such a manner that the circle is completely darkened.

Example: Question No.63

Given below are four odd words, three are alike in some way and one is different. Find the odd word:

(a) Ganga

(b) Brahmaputra

(c) Jamuna

(d) Himalaya

Here the correct answer is Himalaya, i.e., (d). So, in the OMR Answer Sheet the darkened circle should be marked as

63.  a  b  c  d

- 5) In any case, if more than one circle against each question is darkened, that particular question would be treated as invalid and will not be evaluated.
  - At the end of the examination, the candidate should ensure that he/ she submits the OMR Answer Sheet and the Question Booklet to the invigilator before leaving the examination hall/ room.
- 6) This Question Booklet cannot be carried with you. You have to submit this along with your OMR Answer Sheet to the invigilator.
- 7) No rough work is to be done on the OMR Answer Sheet. You can do the rough work on the space provided on the Question Booklet.
- 8) **Use and possession of mobile phones and electronic gadgets/calculators are strictly prohibited inside examination hall/ room.**
- 9) Non compliance with any of the above instructions will make a candidate liable to action/ penalty as may be deemed fit.

Space for Rough Work

## PART A: GENERAL ENGLISH

**Directions: Read the following passage and answer the questions that follow. (Q No. 1-10)**

The greatest enemy of mankind, as people have discovered, is not science but war. Science merely reflects the prevailing social forces. It is found that, when there is peace science is constructive; when there is war, science is perverted to destructive ends. The weapons which science gives us do not necessarily cause war; they make war increasingly terrible. Till now, it has brought us to the doorstep of doom. Our main problem, therefore, is not to curb science, but to stop war- to substitute law for force, and international government for anarchy in the relations for one nation with another. That is a job in which everybody must participate, including the scientists. But the bombing of Hiroshima suddenly woke us up to the fact that we have very little time. The hour is late and our work has scarcely begun. Now we are face to face with an urgent question-‘Can education and tolerance, understanding and creative intelligence run fast enough to keep us abreast with our own mounting capacity to destroy’? That is the question that we shall have to answer one way or the other in this generation. Science must help us in arriving at the answer. But the main decision lies within ourselves.

1. According to the writer, the real enemy of mankind is not science but war, because
  - a) Science merely invents weapons with which war is fought.
  - b) Science during wars becomes destructive.
  - c) The weapons invented by science necessarily leads to war.
  - d) The weapons invented by science do not cause war, though these make war more destructive.
2. War can be stopped, if
  - a) Science is not allowed to push us to destruction.
  - b) We replace force and lawlessness by law and international government.
  - c) Science is restricted to be used only during war time.
  - d) Weapons invented by science are not used to launch a war.
3. According to the passage, the main problem we are faced with is to-
  - a) Stop science from reflecting social forces.
  - b) Stop scientific activities altogether.
  - c) Abolish war.
  - d) Prevent scientists from participating in destructive activities.
4. Our capacity to destroy can be kept under control by
  - a) Encouraging social forces.
  - b) Education and broadmindedness.
  - c) Constructive thinking.
  - d) Both b) & c) above together.
5. The expression ‘bring to the doorstep of doom’ means
  - a) Lead to the threshold of a new destiny.
  - b) Indulge in a ruinous activity.
  - c) Introduces to an unpredictable future.
  - d) Leads close to death and destruction.
6. Which one of the following statements is not implied in the passage?
  - a) People needlessly blame science for war.
  - b) Science is misused for destructive purposes
  - c) Science or the weapons invented by it do not add to the horrors of war.
  - d) The role of science in ensuring world peace is subsidiary to that of man.

7. The phrase 'our work has scarcely begun' in the passage implies that our work
  - a) Has not yet begun.
  - b) Has just begun.
  - c) Has been halfway through.
  - d) Has begun but not completed.
8. The expression 'keep abreast' in the passage means
  - a) Keep at a distance.
  - b) Keep side by side.
  - c) Hold out a challenge.
  - d) Prevent from escaping.
9. Which one of the following will be the most suitable title of the passage?
  - a) Science and social forces.
  - b) Science and the horrors of war.
  - c) Science and the problem of world peace.
  - d) Science and man
10. The job in which everybody must participate is
  - a) To curb science.
  - b) To prefer international government.
  - c) To establish anarchy in international relations.
  - d) To do nothing of the above.
